TRINITY HEALTH OF NEW ENGLAND is an integrated health care delivery system comprised of world-class providers and facilities dedicated to the full spectrum of preventive, acute, and post-acute care, all delivered with the triple aim of better health, better care, and lower costs for our patient populations.

At Trinity Health Of New England our Regional Health Ministry is a strategic partnership that includes five hospitals, walk-in clinics, medical offices, specialized facilities, affiliated institutions, post-acute care, and foundations that serve a population of nearly three million people.

As a dynamic part of Trinity Health, based in Livonia, Michigan, and one of the nation’s largest multi-institutional Catholic health care delivery systems, Trinity Health Of New England is uniquely positioned to advance health care through alliances with the University of Connecticut School of Medicine, the Frank H. At Trinity Health Of New England, we have come together by choice—we are committed to compassion—caring with great respect and sympathy—and community—striving to make our neighborhoods more vibrant.
