

**PUTTING ON AIRS: AN ASTHMA
MANAGEMENT PROGRAM
OFFERED IN YOUR HOME**

- Free Program
- Educational and Supportive Services
- Better Control of your Child's Asthma

IN THE LAST 6 MONTHS:

Has your child been to the Emergency Department or was hospitalized?

Do you go to the doctor for unscheduled medical visits because of asthma?

Has your child missed more than 2 days of school because of asthma?

Does your child need to use an albuterol inhaler more than 2 times a week?

IF you answered YES to any of these, your child is eligible for the program

Call 203-709-5716 to speak with a member of our staff
