

We recommend you try logging in over the next few days before your start date to make sure you have no difficulties getting in.

[Click Here to Log into HealthStream](#)

Once you are in the system you will be required to change the password to something you will remember. Please make sure your password is secure with a minimum of eight (8) characters including one upper case letter, a number, and special character. Once completed HealthStream will ask you to log in one more time with the new password you created and the same user id given to you.

Directions	
<p>Step 1</p> <p>This is the main log in screen will look like. Click here to access HealthStream.</p>	
<p>Step 2</p> <p>Once logged in you are taken directly to your To Do List, which typically is a list of courses that were assigned by an administrator that need to be completed.</p> <p>We recommend you 1st complete the course called THOfNE - New Hire Orientation – to be completed day one</p>
